

Dear Sirs,

**RE: 2<sup>nd</sup> EU-AFRICA INVESTMENT FORUM**  
**Theme: Partnering with African Governments to deliver PPP Infrastructure Projects**  
**26-27 March 2019, Hotel Miguel Angel Madrid**

We hereby invite you to participate to the "EU-AFRICA INVESTMENT FORUM" scheduled on 26-27 March 2019 at hotel Miguel Angel in Madrid, with pre-conference training on 26th March, and promises to be the best one yet. As we work towards a decade of highlighting the importance of Public-Private Partnerships and the key role they play in the development of infrastructure on the continent. The programme will showcase more African PPP bankable projects, bring you updates project featured last year, and dedicate more time to one-on-one meetings and avenues for closing the gaps. Due to the sheer number of moving PPP structures, selecting the right project for tendering is the most important decision in procuring using PPP. This forum will give attendees a detailed understanding of the thought process backed up by practical examples of how to best assess and structure projects to make them bankable.

**Who will attend?**

- Ministers and government authorities looking to procure their projects through PPP.
- International financial institutions that will fund the development of infrastructure in-line with their plans to create a sustainable economy in Africa.
- Financiers that want to finance lower risk government infrastructure projects.
- International investors looking for long-term stable returns in emerging markets.
- Legal professionals that have expertise in structuring complex PPP contracts who are necessary to protect all stakeholders.
- Contractors, developers and operators that will form consortia to procure, build, and run government infrastructure.
- Consultant, and PPP experts who can help organizations build capacity and advise on the bankability of projects to facilitate successful execution of projects.

**Key Topics**

- BOT vs PPP privatization
- PPP legislation framework
- Utilizing forecasting to accurately access project revenue
- Discussing risk management considerations
- Investigating financing options
- Assessing the PPP process from pre-feasibility throughout the lifecycle of the project.
